REMARKS

**Reconsideration And Allowance
Are Respectfully Requested.**

No claims have been amended, canceled or added. Claims 1, 3, 4, 5, 7, 8, 10 and 11 remain pending. The present Amendment After Final Rejection is being presented in response to the Final Rejection dated February 16, 2005. In this rejection, the drawings were objected to based upon informalities noted in the form PTO-948. With this in mind, Applicant has submitted Replacement Sheets for Figures 1-9. If additional changes are necessary, the Examiner is urged to contact the undersigned.

With regard to the rejections based upon prior art, Applicant is reinstating the earlier filed Appeal based upon the new grounds of rejection and is not addressing the outstanding rejections based upon prior art in the present Amendment.

With the foregoing in mind, the present Amendment After Final Rejection is made in an effort to place the application in better condition for appeal by addressing objections relating to the drawings. The new drawings are neither believed to raise new issues nor require undue consideration. As such, Applicant respectfully requests that the present Amendment After Final Rejection be entered.
